

# Keep your clients. We'll *manage their rentals*.

When a buyer closes on an investment property, a listing expires, or a seller decides to rent instead of sell, refer them to TrueNorth. We manage the home locally across Hernando County, and your relationship with the client stays intact.

## Your client stays yours

We focus on management, not sales. When a client you referred is ready to buy or sell, we send them back to you.

## Expired listing? Compare renting.

For sellers who can't get their price, we deliver a free rental analysis within one business day so they can weigh renting against a price cut.

## Investor buyers get numbers early

Send any address before your buyer writes an offer. We'll return a market-informed rent range to support the deal.

### HOW A REFERRAL WORKS

- 1 Text or email the property address and your client's name.
- 2 We deliver a rental analysis within one business day.
- 3 Your client decides, and you stay in the loop.
